Katie,

I am striving to be protective of intrusions on your time and minimizing the LOE that you need to spend on CZARA in general. For instance there are regular meetings to discuss Oregon's Ag programs in a CZARA context that I do not think are necessary for you to attend. That said, I do think it would be strongly advisable for you to set aside time on June 2 to listen to OR DOA's presentation & follow-up Q&A on how it directly addresses the Ag MMs and the relevant comments brought up during last year's public comment period.

Thanks!
